

The International Center is a catalyst to inform, convene and connect public, private and civic global objectives in Indiana.

WORLD TRADE CENTER INDIANAPOLIS

The International Center is excited to announce a Memorandum of Understanding (MOU) between the World Trade Center Indianapolis (WTC Indy) and The International Center, intended to promote greater collaboration between the two entities.

The agreement was formalized during a signing ceremony at The International Center's offices on March 6, presided over by Doris Anne Sadler, President of WTC Indy, and Martin Baier, President and CEO of The International Center.

With this MOU in place, the two organizations will seek to strengthen the collaboration and coordination between the two entities as they work to support Indiana's global engagement, international trade, inbound and outbound foreign investment, and people-to-people relationships for WTC Indy, The Center, and the state of Indiana. The two will seek opportunities that will increase cultural exchanges, expand the global footprint of Indiana's SMEs, build market awareness, and create jobs through international trade.
